

Chairman's Report for the February 2017 SSG

My Diary has been quite full since the last SSG. I attended our regular Magnox meeting in London on the 22nd and 23rd of November with the other SSG chairs, only to be called to Manchester on Sunday the 27th and Monday the 28th for a meeting on Low Level Waste disposal.

I was invited to take part in an interview with the Radioactive Waste Management team to give my opinion on RWM and recent issues, nothing too onerous.

The NDA asked me and other members of this SSG to fill in a questionnaire about the SSG and Magnox external communications; A summary of the results will be given at the meeting.

Mervyn and I were invited to meet the A and B Site Directors and the team for mince pies at Combe House on the 20th of December, an excellent end to a very busy and exacting year.

Mervyn and I continue to meet the Directors and are kept up to date with any issues that may come about, I am extremely grateful for their time and effort they both put into this SSG.

I have it on good authority that there will be two national events before the next SSG - Dates and venues to be decided.

I always ask you to report back accurately on the issues raised at SSG and not to put your own slant on things. I do get asked for my opinion as Chairman of this SSG and I have recently been asked to put right three articles written in Parish Magazines that were alarmist and inaccurate.

If you are in any doubt about details or require further information please get in contact with Gemma who will be only too pleased to assist you with factual information.
