

Magnox

Sizewell A report to SSG
Allen Neiling – Closure Director
Feb 2019

Safety and compliance

- We have had two recordable injuries since the last meeting
 - False widow spider bite
 - Slip in wet conditions
- No environmental events

Management of Bradwell

- Bradwell is now in the Care and Maintenance (C&M) phase - a year earlier than planned
- First time a UK commercial reactor site has moved into C&M
- Extensive handover programme completed with Sizewell A - now managing the site following regulatory approval
- On-going site inspections and ILW being received from Dungeness A

Plant and Structures Programme update

- Removal and demolition of the National Grid substation building -
 - Hazard removal commenced (asbestos and redundant equipment)
 - Demolition expected to start in April 2019

Ponds Programme update

- Successful removal of temporary shielded storage container (TSSC)
- Completed ILW skip basket removal
- Retrieval of intermediate level waste and low level waste skips from the pond now commenced

Asset Care Projects

- Asbestos management continues on site – before and after
- Cladding repairs continue on the reactor buildings
