

WELCOME

# Sizewell B

Sizewell Stakeholder Group Meeting

Thursday 23 May 2019

# Safety performance and staffing

During the period of the report there has been:

- **No lost time injuries to staff**
- **No nuclear reportable incidents**
- **No environmental incidents**
  
- **544** EDF Energy staff this includes **17** Apprentices, **5** Technical Trainees, **1** Graduate and **2** Industrial Placements.
  
- **250** year round contracting partners

# Company News - Closure of Cottam power station

- EDF Energy has announced it will end generation at its 2000MW Cottam coal-fired power station in North Nottinghamshire on **30 September 2019**.
- Cottam power station has played a critical role in keeping the lights on for more than **50 years**.
- Some Cottam workers have been transferring to other roles in EDF Energy since 2017.
- EDF Energy operates the Cottam and West Burton A coal power stations in North Nottinghamshire, each capable of generating 2000MW.

# Sizewell B - Refuelling Outage 16

- Sizewell B power station will be brought offline on **31 May 2019**.
- An extra **1,200** specialist workers will join the Sizewell workforce.
- During the outage period, which is expected to last about 7 weeks, we will carry out over 14,000 separate pieces of work.
- As well as refuelling the reactor, we will also deliver major investment and routine maintenance work during the outage:-
  - Turbine Generator 2 rotor replacement
  - Containment building polar crane upgrade
  - Upgrade and installation of plant data control systems
  - Reactor Pressure Vessel weld inspections
  - Steam Generator inspections

# Sizewell B Relocated Facilities (RF)

- EDF Energy Nuclear Generation Limited has submitted a planning application to **East Suffolk Council**, for the relocation of some of Sizewell B facilities.
- The main buildings we are proposing to move during this phase are related to education and training, along with supporting car parking as these buildings are located on land we would like to use for Sizewell C, if we gain planning permission for the proposed new power station.
- Full planning application and non-technical summary of the Environment Statement it can be found on the council's website at <http://www.eastsuffolk.gov.uk/planning/planning-applications/publicaccess/>
- Current closing date 24 May 2019.

# Communities Benefit from Amenity & Accessibility Funding

• Since 2012 the Amenity and Accessibility Fund has awarded **£257,380** in grants to projects that have opened up access to or increased enjoyment of the Suffolk Coast and Heaths AONB.

• In the latest round of funding, seven communities will share almost **£23,000** on family, wildlife and visitor projects that will focus on the amenity and access of the coastal area between the rivers Deben and Blythe.

• These local projects will promote access and use of the Suffolk Coast & Heaths Area of Outstanding Natural Beauty.

- |   |                |
|---|----------------|
| • Poetry People                                 | Awarded £2,050 |
| • Aldeburgh Food and Drink Festival CIC         | Awarded £2,500 |
| • Beach Bonkers                                 | Awarded £4,114 |
| • Committee of Trustees for Butley Village Hall | Awarded £1,771 |
| • Suffolk Wildlife Trust                        | Awarded £3,000 |
| • Shingle Street Settlement Company             | Awarded £4,500 |

## Sizewell inspire the next generation of engineers and scientists

- Over **100** students from the Avocet Academy enjoyed fun, hands on workshops at the Visitor Centre that covered science and energy.
- The latest schools taking part were from Leiston, Easton, Wickham Market, Saxmundham and Aldeburgh Primary schools all part of the Avocet Academy.

THANK YOU
